1. Appoint and identify in the prize list one or more licensed USEF or NCHJA Stewards who shall be present at each session of the competition. USEF Stewards automatically receive NCHJA approval; however, for NCHJA "C" shows, the steward must be a current NCHJA member.

If the fine is not paid, it will be added to the amount of dues for the ensuing year and future competition dates will not be awarded until both penalty and dues have been paid. NCHJA C shows are not required to print all class specifications in their prize lists, but must include a statement which reads: "All classes to be run in accordance with the NCHJA rules." If officials (judges or stewards) change, the Office must be notified immediately.

If management disputes that the prize list was not timely filed, it may appeal in writing to the NCHJA within 30 days of management's receipt of the NCHJA's notice of fine, specifying the ground for the appeal. A special committee appointed by the President or the Hearing Committee will consider the appeal and may waive a part or all of the fine upon a finding of good cause why the application was not timely filed and/or a finding that extreme hardship results from the automatic penalty.

9. Forward to the NCHJA within ten days of completion of the show an NCHJA class results form or computer printout indicating the winners, number of entries in each class, champions and reserves, the names of all horses and owners, and all corrections, changes, and additions to the prize list. In the event of failure to file such results, the NCHJA shall levy a fine of \$50.00. If the fine is not paid, it will be added to the amount of dues for the ensuing year and future competition dates will not be awarded until both penalty and dues have been paid.

If management disputes that the results were not timely filed, it may appeal in writing to the NCHJA within 30 days of management's receipt of the NCHJA's

notice of fine, specifying the grounds for the appeal. A special committee appointed by the President or the Hearing Committee will consider the appeal and may waive a part or all of the fine upon a finding of good cause why the application was not timely filed and/or a finding that extreme hardship results from the automatic penalty.

Section I. GENERAL - All classes must be judged on performance and soundness and when indicated, suitability or manners.

- (a) When a horse makes two faults at one obstacle, only the major fault will be counted. (Exception: refusals count in addition.)
- (b) When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.
- (c) At a combination, the faults committed at each obstacle are considered separately. In case of a refusal or runout at one obstacle in a combination, the competitor may re-jump the previous as well as the following obstacles.
- (d) Judges must penalize unsafe jumping and bad form over fences, whether touched or untouched. In classics and when a class is held on an outside course, brilliance should be emphasized.
- (e) Circling once upon entering the ring and once upon leaving is permissible. When the class is held in a ring, the performance starts as the competitor enters and ends when he leaves. When the class is held outside, the performance starts at any spot designated by competition management and ends at any spot so designated. If the start and finish are not clearly set forth, it is suggested that a judge consider the start approximately 50' before the first obstacle and the finish approximately 50' after the last.
- (f) All horses must be serviceably sound. All horses being considered for an award must be jogged for soundness with the rider dismounted. (Exception: Under Saddle classes, unrated classes, and rated classes specifying that jogging is not required.) Horses that are not serviceably sound are ineligible for an award, including Under Saddle classes.

- (g) In the event of elimination, the horse must exit the ring immediately
- (h) In the case of the jump(s) falling over due to weather or act of God, the rider must remain in the ring until receiving instructions from the judge(s) or be eliminated. In this instance, the decision of the judge(s) is final.

Section 2. FAULTS - The following faults are scored according to the judges opinion, and depending on severity, may be considered minor or major faults.

- (a) The following faults are scored according to the judge's opinion, and depending on severity, may be considered minor or major faults.
 - Rubbing the jump
 - Swapping leads in a line or in front of a jump
 - Late lead changes
 - Freshness
 - Spooking
 - Kicking up or out
 - Jumping out of form
 - Jumping off the center line of jump
 - Bucking and/or playing
 - Adding a stride in a line with a related distance
 - Eliminating a stride in a line with a related distance
 - Striking off on a wrong lead on the courtesy circle. (May be corrected with either a simple or flying change of lead.)
- (b) The following are considered major faults.
 - Knockdown
 - Refusal
 - Stopping for loss of shoe or broken equipment
 - Refusal or stopping while on course
 - Dangerous jumping
 - Addressing a jump - coming to a stop in front of a jump in order to show the jump to the horse.
 - Completely missing a lead change
 - Adding or eliminating a stride in an in and out.
- (c) The following constitute elimination.
 - Three refusals
 - Off course
 - Jumping course before it is reset
 - Bolting from the ring
 - Fall of horse or rider

Section 3. UNDER SADDLE CLASSES - Horses are to be shown at a walk, trot, and canter both ways of the ring. Light contact with the horse's mouth is required. Horses should be obedient, alert, responsive, and move freely. They should not be eliminated for slight errors. Judges may ask horses to hand gallop collectively, one way of the ring. Not more than eight will be asked to hand gallop at one time. All horses being considered for an award must be serviceably sound. An Under Saddle class cannot be the first performance class held in a rated section.

PART VII - CHAMPIONSHIPS

Section 1. Champion and Reserve Champion titles are awarded to the top two of the four horses that acquired the most points performing over a regulation course with obstacles at the full height required in the section in which shown. In addition to these points, only these four horses, receive half points for ribbons won in Model classes (full points for Regular Conformation Model classes) and full points for ribbons won in one Under Saddle class. In case of a tie score, the Championship and/or Reserve Championship is awarded to the horse that accumulated the most points over fences. If horses have an equal number of points over fences and no points under saddle, the tied horses must be shown at a walk, trot, and canter. Competitors may be asked to hand gallop at the discretion of the judge. (Exception: Green Hunters.) This competition is judged as an independent under saddle class with conformation, soundness, and performance to count as prescribed throughout the section. If horses have an equal number of points over fences, under saddle, and model (ie. Regular or Green Conformation) the tie will stand as is and both horses will receive Year End Award points in their respective Champion and/or Reserve position. A Championship may not be offered in a section unless a minimum of two over fences classes and one Under Saddle class are held.

Section 2. Only the first six ribbons in each class are counted regardless of the number offered. Points are awarded 10, 6, 4, 2, 1, 1/2. Ribbons have the same value even if less than the specified places are awarded due to lack of entries.

PART VIII- HUNTER SCHOOLING RULES

No Manual poling allowed. No offsets of any type allowed. Swedish oxers are permitted; however, the high side must be no more than 18 inches higher than the low side. Guide rails are used to keep a horse straight, not to be confused with a landing rail, which the horse actually jumps over. If guide rails are used on the landing side of a jump, the closest part of the rail must be a minimum of 9 feet from the jump. Guide rails must not be touching the obstacle being jumped. If one ground line is used it must be on the take-off side. Coolers may be placed on a vertical or front side of an oxer. No whip with a length exceeding 45" total length may be used while schooling on the flat. No one may hold or touch a standard while it is being jumped. Horses are not permitted to walk over cross or slant rails. Walk jumps may not exceed 18" and ground lines are not permitted. While using a walk jump the competitor must approach and depart in a straight line. At no time may they turn the horse while walking over the rail.

RULE IX - JUNIOR WORKING HUNTER

Section 1. Riders must not have reached their 18th birthday on or before December 1 of the competition year.

Section 2. Horses and ponies must be handled by junior exhibitors in all phases of a class. No rider may show more than three horses in a class at NCHJA "C" shows.

Section 3. Ponies may not be entered in Junior Hunter classes if Pony Hunter classes are offered at the same competition. Horses entered in Junior Hunter classes may not cross enter into Children's Hunter sections at the same competition. At NCHJA "C" shows in North Carolina, riders may not cross enter into Children's Hunter sections at the same competition. At NCHJA "C" shows outside North Carolina, USEF Zone rules will apply.

Section 4. Height of obstacles in the Junior Working Hunter Division shall be: 3'3" and 3'6" height must be offered. In all classes manners will be emphasized and extreme speed will be penalized. Horses to be jogged in accordance with USEF Rule HU132 -Zone 3.

RULE X - AMATEUR OWNER WORKING HUNTER

Section 1. Amateur Owner Hunters are to be ridden by amateur owners or an amateur member of the owner's family. In either case, classes are restricted to riders who are no longer eligible to compete as junior exhibitors. Leased horses are not eligible and multiple ownership is not permitted unless all owners are members of the same family.

Section 2. At USEF rated horse shows, an amateur who rides for a person outside of his/her family may not ride in a class restricted to Amateur Owners at the same competition with the exception of: a) equitation classes; b) under saddle classes; and c) a maximum of one (1) horse not owned by the rider, or his/her family, in jumper sections and a maximum of one (1) horse not owned by the rider or his/her family, in hunter sections, in classes not restricted to amateur owners. If an Under Saddle class is divided by age and a rider has two or more horses entered, all riders must be amateurs but need not be eligible by age.

Section 3. Horses entered in Children's Hunter classes may be shown in the Amateur Owner Hunter section at the same competition if ridden by a member of the child's family. At NCHJA "C" shows in North Carolina, riders may not cross enter into the Adult Amateur Hunter sections at the same competition. At NCHJA "C" shows outside North Carolina, USEF Zone rules will apply.

Section 4. Height of obstacles shall be: 3'3" and 3'6" height must be offered. At USEF rated horse shows, riders may cross enter between the Adult Amateur Hunter and Amateur Owner Hunter 3'3" section if the rider owns the horse they are showing in the Adult Amateur section. Horses may not cross enter between the divisions.

RULE XI - PONY WORKING HUNTER

Section 1. No junior over 12 years of age may ride in a regular Small Pony Hunter section. No junior over 14 years of age may ride in a regular Medium Pony Hunter section. Riders under 18 years of age may ride for other exhibitors who have more than one entry in the Under

Saddle class. Ponies must be handled by junior exhibitors in all phases of a class. Junior riders showing ponies cannot compete in any class where fences may be set higher than 3'6" at the same competition (Exception Children's Jumpers, USHJA International Hunter Derby, Junior Hunter Classics, and Pony Jumpers.)

- Section 2.** Ponies shown in any rated Hunter Pony, Green Hunter Pony, Children's Pony Hunter, or Pony Jumper sections may not be shown by an exhibitor 18 years or older at the same competition.
- Section 3.** Small ponies are not to exceed 12.2 hands, medium ponies are ponies over 12.2 hands but not exceeding 13.2 hands; and large ponies are ponies over 13.2 hands but not exceeding 14.2 hands.
- Section 4.** Regular classes are open to all ponies not exceeding 14.2 hands. Qualifications must follow as nearly as possible those outlined for Hunters.
- Section 5.** No rider may show more than three ponies in a class at NCHJA "C" shows. Ponies shown in the rated Regular and Green Pony Hunter sections may not be shown by an adult at the same competition.
- Section 6.** A green pony is a pony of any age not exceeding 14.2 hands that has not been shown over fences the regulation height or higher for its respective section (2'3" for small, 2'6" for medium and 2'9" for large) prior to December 1st of the current competition year at a Regular Competition of USEF or the Canadian Equestrian Federation (CEF) or any national or international competition. Showing in Canada over fences at or higher than the regulation height for the pony's section under CEF rules breaks the pony's green status for the purpose of this rule whether or not the regulation height for the pony's section under CEF rules is less than, equal to, or greater than the regulation height for the pony's section under USEF rules. Once a pony has broken its green status in one Hunter Pony section (i.e. small, medium, large) it will not regain its status by moving to another Hunter Pony section. A pony's green status is considered to be broken once it competes over fences the regulation height or higher for its respective section (see above). The pony's green status may be reinstated for a future competition year if it was not shown at more than four (4) competitions prior to September 1st and if it was not shown after September 1st in the same year. A pony is not eligible for a green reinstatement if they have competed in the USEF National Pony Finals. In order to maintain green status for the next competition year, the pony must stop competing over fences its respective height or higher and the owner must notify the NCHJA office by letter prior to December 1 of that competition year, giving the pony's name and recording number. If the pony is not recorded, it must be recorded at this time. Failure to do this will result in the pony losing its green status. A Green Reinstatement will only be granted one time.

- Section 7.** Ponies who have not broken their green status must jump less than their regulation height in open classes or their Green Status will be broken.
- Section 8.** Courses have the same requirements as for Hunters with the exception that the first obstacle on a pony hunter course must be a vertical obstacle (i.e., brush or rail.) Oxers and coops are prohibited as a first obstacle. The height and spread of obstacles are 2'3" for small, 2'6" for medium, and 2'9" - 3' for large ponies. (Green ponies 2'3" for small, 2'6" for medium, and 2'9" for large.) Spread of jump may not exceed height and must be measured including flowers, brush, and ground lines.
- Section 9.** The suggested distances for in and outs are 20' for small, 22' for medium, and 24' for large ponies. The in and out distance must be adjusted for each height section. At NCHJA "C" shows it is suggested that courses be set with no in and outs and the distance between fences be set using 12' multiples. At NCHJA "C" shows the distance between fences for each height section (except for in and outs) may be adjusted at management's discretion.
- Section 10.** If a pony under saddle class has more than 20 entries, the class must be split and held in at least two sections with one set of awards.

RULE XII - CHILDREN'S WORKING HUNTER

- Section 1.** Open to horses only. To be shown by a junior exhibitor. If an Under Saddle class is divided by age and a rider has two or more horses entered, all riders must be juniors but need not be eligible by age. If two or more sections are offered, horses cannot be entered in more than one section.
- Section 3.** If the rules and specifications adopted by Zone 4 of the USEF for the Children's Working Hunter Division differ from those of the NCHJA and the Zone 4 rules are followed at an NCHJA recognized horse show held in Zone 4, the points earned in those classes will count toward NCHJA Year End Awards.

RULE XIII - ADULT AMATEUR WORKING HUNTER

RULE XVIII - EQUITATION DIVISION

PART I - APPOINTMENTS

Section I.

PERSONAL - Exhibitors and judges should bear in mind that at all times entries are being judged on ability rather than on personal attire. Riders should wear coats of any tweed or melton for hunting (conservative wash jackets in season,) breeches or jodhpurs, and boots. Conservative colored protective headgear is mandatory. Spurs, crops, or bats are optional. Judges may penalize contestants who do not conform. When management permits Hunter or Hunter Seat Equitation riders to ride without jackets, riders must wear traditional, short, or long-sleeved riding shirts with chokers or ties.

Polo shirts and chaps are not permitted except in unjudged warm-up classes. Management or judge may eliminate an exhibitor who is inappropriately attired.

Section 2. **TACK** - Regulation snaffles, pelhams, and full bridles, all with cavesson nose bands, are recommended. A judge at his own discretion can penalize a horse with non conventional types of bits or nose bands. Boots and conservative colored bandages are permitted. Type of saddle is optional. Martingales are permitted in classes over obstacles in the jumping phase of classes requiring both jumping and flat work. They are prohibited on the flat in any class or phase. Any change of equipment during a class can be penalized at the discretion of the judge. (Note: adding or taking off a martingale from one phase to another is not considered a change.) Numbers must be worn on the rider's back and must be clearly visible at all times when in competition.

Section 3. **BRAIDING** - Braiding is optional at NCHJA "C" shows.

PART II - CLASS ROUTINE

Section 1. **GENERAL** - Any rider not having his mount under sufficient control will be dismissed from the ring and disqualified from class. Unsoundness does not penalize a competitor unless it is sufficiently severe to impair the required performance. In such cases, the imposition of a penalty is at the judge's discretion. Horses may not be ridden by more than one rider per class. Any rider competing with their stirrups tied to the girth and/or secured in any like manner will be eliminated by the officiating judge.

Section 2. **OVER OBSTACLES** - The performance begins when the horse enters the ring. Except for refusals, jumping faults of the horse are not to be considered unless it is the result of the rider's ability. The following will result in elimination: (a) fall of horse and/or rider; (b) three cumulative refusals; and (c) off course. An eliminated competitor may make one attempt to jump an additional single obstacle but may not continue thereafter. The following constitute major faults and can be cause for elimination: (a) a refusal; (b) loss of stirrup; (c) trotting while on course when not part of a test; and (d) loss of reins. Each competitor may circle once before approaching the first obstacle. He then proceeds around the course keeping an even pace throughout. If a refusal occurs in a double or triple, competitors must re-jump all obstacles in the combination.

Section 3. **NOT TO JUMP** - Riders enter the ring turning to the right and proceed counterclockwise. All riders shall be worked both ways of the ring at all required gaits as directed by the judge. The order to reverse can be executed by turning either toward or away from the rail. Light contact with the horse's mouth is required. Entries then line up on command. Outside assistance will be penalized at the judge's discretion. In cases of broken equipment or loss of shoe, the competitor must continue or be eliminated

Section 4. End of Year points will count for only first over fence and one flat class in Age Group Equitation at NCHJA rated horse shows.

PART III - TESTS FROM WHICH JUDGES MUST CHOOSE

Tests may be performed either collectively or individually but no other tests may be used. Instructions must be publicly announced. A judge may ask riders to re-jump an abbreviated or shortened form of the original course. If exhibitors are called back collectively to test, they must remain in the ring until all exhibitors have completed the test. Equitation tests must not have exhibitors trotting or cantering through in gate or out gate. Obstacles jumped in an equitation test must have been included in the original course. Jumps must be jumped in the original direction unless otherwise specified.

1. Halt (4 to 6 seconds) and/or back.
2. Hand gallop.
3. Figure eight at trot, demonstrating change of diagonals. At left diagonal, rider should be sitting the saddle when left front leg is on the ground; at right diagonal, rider should be sitting the saddle when right front leg is on the ground; when circling clockwise at a trot, rider should be on left diagonal; when circling counterclockwise, rider should be on the right diagonal.
4. Figure eight at canter on correct lead, demonstrating simple change of lead. This is a change whereby the horse is brought back into a walk or trot and restarted into a canter on the opposite lead. Figures to be commenced in center of two circles so that one change of lead is shown.
5. Work collectively at a walk, trot, or canter.
6. Jump low obstacles at a trot as well as at a canter. The maximum height and spread for a trot jump is 3' for horses, 2' for ponies.

Such action(s) could include, but are not limited to, excessive or improper use of the whip, spurs, reins, rider's weight or rider's hands. In addition, after consultation with the Competition Manager and a Competition Steward, additional penalties, including one or more of the following: the issuance of an official warning card, disqualification from competing within the upcoming 24-hour period, disqualification from the balance of the competition. All such violations must be recorded in the Steward's Report and, if cruelty or abusive behavior is evident, a charge must be filed against the individual.

Any action(s) against a horse by an exhibitor, deemed excessive by a judge, steward, Certified Jumper Schooling Supervisor, or Competition Veterinarian anywhere on the competition grounds may be punished by official warning or elimination from the class. Such action(s) could include, but are not limited to, excessive or improper use of the whip, spurs, reins, rider's weight or rider's hands. In addition, after consultation with the Competition Manager and a Competition Steward, additional penalties, including one or more of the following: the issuance of an official warning card, disqualification from competing within the upcoming 24-hour period, or disqualification from the balance of the competition. All such violations must be recorded in the Steward's Report and, if cruelty or abusive behavior is evident, a charge must be filed against the individual. Disqualified competitors will forfeit all entry fees for disqualified classes.

In a case of unsoundness sufficiently severe to be considered abusive, the judge(s) must eliminate the competitor from that class and inform the competition manager, who in conjunction with the official veterinarian and the steward, will evaluate disqualifying the horse from further participation in the competition.

PART II - SCORING

Section I. SCORING - Jumpers are scored mathematically, based on penalty faults incurred between the starting line and finish line. A competitor, after receiving the signal to start his/her round, is not being scored until crossing the starting line in the proper manner. Penalty faults include disobediences, falls, knockdowns, and time penalties.

- (a) Verticals. When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.
- (b) Spreads. When an obstacle to be taken in one effort is composed of several elements not in the same vertical plane (i.e., oxer, triple bar, etc.) faults at more than one element are penalized only once.

- (c) **Combinations.** In combinations, the faults committed at each **element** are scored separately. In case of refusal or run-out at one element of a combination (and upon the judge's signal that the obstacle has been reset, if necessary,) the competitor must re-jump the entire combination.
- (e) **Broken Equipment.** In cases of broken equipment or loss of shoe, the rider must continue if he wishes to avoid penalty or may voluntarily withdraw.
- (f) **Setting a Standard.** After the first round of the first class in any section, management or the judge(s) may order a competitor from the ring when it becomes evident that their performance prohibits them from being in the ribbons.)
- (g) **Courtesy Fence.** An eliminated competitor may make one attempt to jump an additional single obstacle, which may be designated by the judge(s), but may not continue thereafter. (Exception: The right to attempt an additional obstacle does not apply in the case of the fall of the horse or rider.)
- (h) **Exiting the Arena.** Any competitor who does not leave the ring promptly at the end of the round or after being eliminated may be disqualified from future classes during the competition at the discretion of the judge(s). Any competitor at the end of his/her round who does not leave the ring through the designated gate(s) (e.g. jumping out of the arena), is eliminated.
- (i) **Riders receiving physical assistance from outside the ring (i.e., lunge whips, etc.) while on course will be eliminated.** (Note: this does not apply to riders between rounds in Table II, 2(b) competitions provided the rider begins his jump-off within the limits of the time allowed between the audible signal and crossing the starting line.)
- (j) **Under penalty of elimination, any obstacle in the arena which requires a jumping effort, whether flagged or not, may not be jumped by a competitor at any time while in the arena except as it may constitute a part of the current competition.**
- (k) **If a competitor jumps an obstacle that has not been reset, or has been reset improperly due to it being downed by a previous competitor, the weather, or some other factor, the competitor receives no penalty. If the competitor knocks down the obstacle he will be penalized accordingly.**
- (l) **Judges have the authority to make decisions on any point not covered in the rules applying to class procedure, scoring, and conduct affecting a class under their jurisdiction.**

Section 2.

START AND FINISH - A start line must be established at least 12' from the first obstacle and a finish line at least 24' from the last obstacle, each indicated by two markers at least 12' apart. Horses

must cross the start line between the markers with the rider mounted. Passing through the starting markers in the improper direction before starting, does not incur penalty. Competition Management and/or the judge(s) may permit or disallow a rider to lead a horse into the ring prior to mounting. The horse must cross the finish line between the markers in the proper direction and with the rider mounted. The horse must jump all of the required fences between the start and finish markers.

The horse must not resist for 45 consecutive seconds or take more than 45 seconds to jump the first obstacle after the time of the round has begun or take more than 45 seconds to jump the next obstacle on course. Failure to enter the ring within one minute of being called incurs elimination. The time limit for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time limit for entering the ring. A competitor will have 45 seconds from the time the judge(s) sound an audible signal to cross between the start markers in the proper direction and start on course. If a competitor does not cross through the start line within the allotted time, the time on course will start when the allotted time expires. In classes (or phases of a class) where time is not being recorded, competitors will have 45 seconds to cross the start line, or be eliminated.

Section 3. AUDIBLE SIGNAL - An audible signal (bell, horn, whistle, gong or buzzer) is sounded for the following purposes:

- (a) to give the signal to start
- (b) to interrupt the 45 second period which a rider has to begin the course in the event of an unforeseen incident;
- (c) to stop a competitor in the event of an unforeseen incident (which also designates a time-out);
- (d) to indicate that an obstacle has to be reset before being retaken after it has been knocked down during a refusal (designating a time-out);
- (e) to give the signal for competitor to continue his round after an interruption, also designating time in; (Note: It is the rider's responsibility to be ready to continue on the course when signal is given)
- (f) to indicate by repeated and prolonged ringing that the competitor has been eliminated; and
- (g) to indicate that the rider should not proceed to the jump-off round in a Table II, Sec. 2(c) or a Table V, Sec. 2(c) class.

Section 4.

TIMING - Time is taken from the instant the horse's chest reaches the start line, or upon the expiration of the 45 seconds following the sounding of the audible tone, until it reaches the finish line. The Judges have the right to interrupt the 45-second countdown if unforeseen circumstances occur. Disobediences, falls, etc., occurring between the signal to start and the moment the competitor crosses the starting line in the correct direction, are not penalized. After the signal to start has sounded, a competitor must pass through the start markers in the proper direction to be considered on course.

- (a) If, as a result of a disobedience, a competitor knocks down or dislodges an obstacle or a flag marking the limits of an obstacle, the clock is stopped immediately and remains stopped while the obstacle or flag marking the limits of an obstacle is rebuilt. Regardless of which fence on the course this occurs at, and for each time it occurs on the course, a penalty of four seconds will be added to the time the horse takes to complete the course.
- (b) If a competitor knocks down or dislodges one of the parts of a combination or a flag marking the limits of an obstacle and then refuses or runs out at the next part without knocking it down, the clock is stopped as for a knockdown resulting from a disobedience. Regardless of which fence on the course this occurs at, and for each time it occurs on the course, a penalty of four seconds will be added to the time the horse takes to complete the course. Elements knocked down preventing a horse from jumping the next obstacle must be removed, even if time must be taken out for this purpose.
- (c) One (1) time fault will be charged for each commenced second by which the time allowed is exceeded in any class for which time is a factor in scoring.
- (d) The Time Allowed to complete the course should be calculated from an actual measurement of the course's length for all rounds and jump-offs. However, if the number of turns on the course or the size of the ring suggests that the calculated Time Allowed may prove unfair in practice, it may be adjusted prior to the start of the competition. The Time Allowed is based on a minimum speed of 382 yards per minute (360 yards per minute in very small or indoor arenas.) If a speed other than 382 yards per minute is to be used, it must be printed in the prize list. The Time Allowed must be announced and posted prior to the start of the class. The Time Allowed may be adjusted at the sole discretion of the judge(s), if they feel it is inaccurate, but only after consultation with the course designer. However, the Time Allowed may only be adjusted once during the early rounds of a given competition, never later than after the third competitor to complete the course without a disobedience. The Time Allowed can never be lowered so that time faults will be awarded to any previous competitor that has completed the course without a disobedience. The Time Limit is defined as double the Time Allowed. Any competitor whose time (including penalty seconds which might have been assessed for time-out(s) as described above)

exceeds the Time Limit is eliminated. For classes scored under Table IV the optimum time is defined as 4 seconds less than the Time Allowed.

Section 5.

DISOBEDIENCES - The following defines disobediences and are penalized.

- (a) Refusal. Stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it, is penalized as a disobedience. Stopping at an obstacle without knocking it down and without backing, followed immediately by jumping from a standstill, is not penalized. However, if the halt continues, or the horse backs even a single step or circles to retake the course, a refusal is incurred.
- (b) Run-out. Evading or passing the obstacle to be jumped or the finish line or jumping an obstacle outside its limiting markers is penalized as a disobedience.
- (c) Resuming the Course. After a run-out or refusal the competitor must, before proceeding on the course, re-jump the obstacle at which the disobedience occurred or be eliminated. If the flag, standard, wing, or obstacle has not been reset when the competitor is ready to jump, he must await the signal to start or be eliminated.
- (d) Loss of Forward Movement. Halting or stepping backward after crossing the start line, (unless due to a refusal, run-out, or an order from a judge due to unforeseen circumstances such as a fence being blown down,) will be penalized as a disobedience.
- (e) Circling. Any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles (start and finish included,) or stops advancing toward or turns at least 180 degrees away from the next fence, or finish line, except to retake an obstacle after a disobedience, is considered a disobedience. This is a judgment call. (Note: Coming sideways or zigzagging toward an obstacle does not constitute a disobedience unless the horse passes or turns its back to the next obstacle or the finish line.)

Section 6.

KNOCKDOWNS - An obstacle is considered knocked down when in jumping an obstacle, a horse or rider, by contact:

- (a) lowers any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle, even when the falling part is arrested in its fall by some other portion of the obstacle; or
- (b) moves any part thereof which establishes the height of the obstacles so that it rests on a different support from the one on which it was originally placed. Should a pole resting in a cup come to rest on the lip of the cup, or on a bracket which is an integral part of the cup, it is not considered a knockdown. Narrowing the width of a spread obstacle without altering the height of any elements as defined above is not considered a knockdown. Penalites apply for late falling rails after crossing the finish line but before leaving the ring OR before the tone sounds for the start of the next round.

Section 7. FALLS - A rider is to have considered to have fallen when he is separated from his horse, which has not fallen, in such a way as to necessitate remounting or vaulting into the saddle. A horse is considered to have fallen when the shoulder and haunch on the same side have touched the round or an obstacle and the ground. A courtesy fence is not permitted following the fall of the horse or rider.

Section 8. OFF COURSE - A competitor is considered off course when he deviates from the course as shown by the diagram and jumps an obstacle prior to rectifying the deviation.

PART III - CLASS CONDITIONS

Section I. **TABLE OF JUMPING FAULTS** - Faults and elimination are scored as follows:

- (a) Knockdown of obstacle or standard with any portion of horse, rider, or equipment, when jumping an obstacle -- **4 faults.**
- (b) Knockdown of automatic timing equipment, other designated markers on start and finish lines -- **4 faults.**
- (c) First disobedience anywhere on course -- **4 faults.**
- (d) Second cumulative disobedience anywhere on course
 - (1) in all classes for horses over 5 years of age -- **Elimination.**
 - (2) in all classes for horses 5 years or younger -- **4 faults.**
- (e) Third cumulative disobedience anywhere on course in classes conducted for horses 5 years and under -- **Elimination.**
- (f) Exceeding Time Allowed (for each commenced second over the Time Allowed) -- **1 fault.**
- (g) A horse resisting for 45 consecutive seconds -- **Elimination.**
- (h) Taking more than 45 seconds to jump the first obstacle after the time of the round has begun -- **Elimination.**
- (i) Taking more than 45 seconds to jump the next obstacle on course -- **Elimination.**
- (j) Fall of horse and/or rider -- **Elimination.**
- (k) Jumping an obstacle before it is reset, or without waiting for signal to proceed -- **Elimination.**
- (l) Starting before judge's signal to proceed -- **Elimination.**

- (m) Jumping an obstacle before crossing start line unless said obstacle is designated as a practice obstacle or after crossing the finish line, whether forming part of the course or not -- **Elimination.**
- (n) Off course -- **Elimination.**
- (o) Leaving the enclosure of a closed obstacle incorrectly -- **Elimination.**
- (p) Rider and/or horse leaving the arena before finishing the course -- **Elimination.**
- (q) Any competitor at the end of his/her round who does not leave the ring through the designated gate(s) (e.g. Jumping out of the arena) -- **Elimination.**
- (r) Actions against a horse deemed excessive (For example: excessive use of whip or spurs at any time within the arena) -- **Elimination.**
- (s) Exceeding the Time Limit -- **Elimination.**

Section 2. **TABLE II, SEC. 1 - Time First Round.** The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults are classified according to their time taken to complete the course.

Section 3. **TABLE II, SEC. 2 (A) - Time First Jump-Off.** The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In the event of equality of faults after the first round, there will be one jump-off for first place only in which time will decide in the event of equality of faults.

Section 4. **TABLE II, SEC. 2 (B) - Time First Jump-Off.** The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 second rule. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults.

Section 5. **TABLE II, SEC. 2 (A/B) -** At management's discretion, each exhibitor may have the option of taking part in the jump-off at the completion of their round as in Table II, Sec 2 (b) or after all exhibitors have completed their first round.

- Section 6.** **TABLE II, SEC. 2 (C) - Two Phase Competitions.** The first round and immediate first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. The use of a time allowed is optional in the first round. The Time Allowed in the first round may be taken by electronic or manual means.
- Section 7.** **TABLE IV, SEC. 1 - Optimum Time in First Round.** The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In case of equality of faults, ties will be broken on the following basis: an "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan: the horse with the time on course closest to this Optimum Time (over or under) will prevail in the tie, next closest next, etc.
- Section 8.** **TABLE IV, SEC. 2 (A) - Optimum Time with Jump-Off.** The first round and first jump-off are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In case of equality of faults, ties will be broken on the following basis: an "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan: the horse with the time on course closest to this Optimum Time (over or under) will prevail in the tie, next closest next, etc.
- Section 9.** **TABLE IV, SEC. 2 (B) - Optimum Time with Jump-Off.** The first round and first jump-off are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. In case of equality of faults in the jump-off, ties will be broken on the following basis: an "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan: the horse with the time on course closest to this Optimum Time (over or under) will prevail in the tie, next closest next, etc. If there are no clear rounds, a jump-off, scored as described above, will take place among those tied for first place.
- Section 10.** **TABLE IV, SEC. 2 (C) - Optimum Time with Jump-Off.** The first round and first jump-off are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed, if any (Note: The use of a time allowed is optional in the initial round.) If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off, with time starting as the horse crosses the finish line for the initial course. In the case of equality of faults in the jump-off, ties will be

broken on the following basis: an "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan: the horse with the time on course closest to this Optimum Time (over or under) will prevail in the tie, next closest next, etc. If there are no clear rounds, a jump-off, scored as described above, will take place among those tied for first place.

PART IV - COURSES

- Section 1. COURSES** - There must be at least one change of direction in every course including jump-off courses. At least one combination must be included in every course. Every course must contain a minimum of eight obstacles. (Exception: jump-off courses.) Each obstacle of a combination is counted as an additional effort. At least three obstacles out of the first eight must be spread obstacles. (Exception: jump-off courses.) For each additional four obstacles, one obstacle must be a spread. When one or more of the original obstacles is sufficiently damaged to become unusable while a class is in progress and no duplicate is available, show management must substitute obstacle(s) which approximate as nearly as possible the original obstacle(s).
- Section 2. JUMP-OFFS** - Jump-offs are held over obstacles from the original course which may include obstacles not included in the initial round. In a jump-off, any sequence of obstacles in either direction may be employed. Obstacles may be raised, lowered, broadened, or narrowed. Courses may be shortened after the first round and must be shortened if there is more than one jump-off. The jump-off course may not be shortened to less than six obstacles and must include at least one vertical and one spread obstacle.
- Section 3. POSTING COURSES** - Courses must be posted at least one-half (1/2) hour before the scheduled time of the class. Classes may not be started prior to that time without permission of all exhibitors. The plan or diagram of the course, including the Speed, Time Allowed, length of course, and jump-off course, must show the obstacles which must be jumped with the order indicated by number. Apart from this, the rider is not bound to follow a compulsory track. An arrow is used to indicate the direction in which each obstacle must be jumped. Closed combinations and option fences must be clearly marked.

PART V - TACK AND ATTIRE

Management, at its discretion, may allow competitors to compete without riding coats. If a riding coat is not worn, riders must wear a shirt with a collar or a choker, neatly tucked into riding breeches. A wind breaker jacket or raincoat may be worn if conditions require. In all cases, riders must appear neatly attired to appear before the public or be subject to penalty of elimination by the judges.

Competitors are prohibited from using a whip that is longer than 30" while in the process of jumping or schooling over fences. A rider may not carry more than one whip. Whips that are weighted at the end are prohibited at any time. Any rider competing with their stirrups tied to the girth and/or secured in any like manner will automatically be eliminated

from that class. There are no martingale restrictions on classes offering less than \$1000. Only standing or running martingales used in the conventional manner are allowed in classes offering \$1000 to \$4999. Only running martingales used in the conventional manner are permitted in classes offering \$5000 or more.

Riding anywhere on the competition grounds with stirrups tied to the girth or otherwise secured is cause for disqualification, by the Steward, of that rider from the current or subsequent class in which the rider is entered. In the case of junior or amateur riders, the Steward may note the trainer names(s) on the Steward's Report and further disciplinary actions may be taken by the NCHJA.

PART VI - JUMPER SCHOOLING RULES

All rails must be either in cups or totally on the ground (exception: one end of a cross rail may rest on the ground). Rails must be able to fall easily when hit. No one may hold a rail or touch a standard while it is being jumped. If an item (blanket, cooler, etc.) is laid over the rail of an oxer it may be laid over the front rail. If there is more than one rail on the front of the oxer, the item may be laid over any of those rails. Jumps in the schooling area may not exceed 5'3" in height, 5'11" in width. Any jump 4'3" or higher must have a minimum of 2 rails, in cups, on the take off side of the jump, regardless of whether a ground line is used. The lower rail must always be below 4'3". Ground lines are not mandatory, however if they are used they must be placed either directly below the front of the jump or up to 3'3" out. If a ground line is used on the landing side of a jump there must be one on the take off side, and it may not be any further out than the one on the take off side. If a trot/canter/placement rail is used, the jump may not exceed 4'3" in height and 4'3" in width. If a rail is used on the take off side of a jump it may be no closer than 8'2". If a rail is used on the landing side of a jump it may only be used at a vertical and it may be no closer than 9'10". If guide rails are used on the landing side of a jump the closest part of the rail must be a minimum of 9'10" from the jump. If a rail is placed on the edge of a cup it must be placed on the far side of the cup, and is only allowed at an oxer if it does not cause the front rail to be higher than the back rail (i.e. offset). There may never be more than two (2) rails on the back of an oxer, with the lower rail equal in height to the lowest rail on the front of the oxer. If an oxer is flagged so that it may only be jumped in one direction, the ground line is only permitted on the front of the oxer. A cross rail may be made either: a) by itself, in which case the height at which the cups are set may not exceed 4'3" in height; or b) below a rail at a vertical, or the front rail of an oxer. Horses are not permitted to walk over cross or slant rails. Walk rails may not exceed 12", and may be built with one end of the rail resting on the ground. Ground lines are not permitted. While using a walk jump the competitor must approach and depart in a direct line. At no time may they turn the horse while walking over the rail. No Swedish Oxers! If space and available fence material allows and safety conditions permit, combinations may be built using correct distances. Bounce jumps may only be used with verticals and may not exceed 3'9" in height. At management's discretion (and if local laws allow) bamboo offsets may be permitted in designated schooling areas only. Manual poling is not permitted. Riders are fully responsible for any jump taken by their horse. Any action deemed not in the best interest of the horse will not be allowed.

PART VII - CHAMPIONSHIPS

Championships are optional, but if offered, a minimum of three classes must be held. If Championships are offered, they must be decided either on the basis of points won in classes throughout a section, or on the basis of money won in the section, or on the results of the highest prize money class in the section, provided qualification was required for that class based on results of earlier classes in the section. The method of determining Championships must be stated in the prize list. Credit towards Championships will be given only for the first six ribbons when points are the determining factor. Points are awarded 10, 6, 4, 2, 1, ½.

RULE XXXIV - CHILDREN'S/ADULT JUMPER

- Section 1.** Open to juniors and adults holding a valid amateur card. Riders in this division are not eligible to show in any other jumper classes where fence height exceeds 3'9" except equitation or Pony Jumper classes. Fence heights to be set at 3'5" to 3'7" however the highest money class or Classic may be offered at 3'9". NCHJA 'C' Show Children's/Adult Jumper height - 3'3".
- Section 2.** If the rules and specifications adopted by Zone 4 of USEF for the Children's/Adult Jumper Division differ from those of the NCHJA and the Zone 4 rules are followed at an NCHJA recognized horse show held in Zone 4, the points earned in those classes will count toward NCHJA Year End Awards.

RULE XXXV - YEAR END AWARDS

The NCHJA offers Year End Awards in several categories, the purpose of which is to encourage participation at NCHJA shows. In making these awards the NCHJA certifies that animals are properly recorded and exhibited under the name of the owner who MUST be a member of the NCHJA. The Board of Directors has the authority to cancel any award should the competition throughout the year be so slight as not to warrant the presentation of an award. Award winners must accept awards in person or have someone designated to accept the awards for them. The NCHJA will not be responsible for getting awards to winners.

“Rated” divisions or sections are divisions or sections in which the NCHJA gives a Year End Award.

- Section 2. OWNERSHIP** of a horse may be transferred during the year without affecting the animal's score, but the NCHJA must be notified of the transfer and the new owner must be a member if points won under the new ownership are to be counted. The award is made to the owner as shown in the files at the time the horse wins its last points in competition.
- Section 3. MULTIPLE OWNERSHIP** - At least one owner must be a member of the NCHJA and the member's name must appear on the entry form in order for the points to count.
- Section 4. POINT STANDINGS DEADLINE** - Members have until December 31 of the current year to correct any errors in the point standings unless the Board of Directors elects to extend this date, which will appear in the December newsletter. After the closing date, **THE POINTS WILL STAND.**

PART VI - HUNTER AND EQUITATION POINTS TABULATION

NCHJA Hunter and Equitation division points at USEF/NCHJA rated shows are determined by combining the base points for the placing for the show rating and adding one point for the number of entries shown in the FIRST performance class of the division or section.

Show	USEF/NCHJA BASE POINTS			
	USEF/NCHJA Show Rating			NCHJA
Place	AA	A	B	C
1	25	20	15	20
2	20	15	10	15
3	16	12	8	10
4	12	9	6	5
5	11	8	5	4
6	10	7	4	3
7	9	6	3	
8	8	5	2	

Hunter division Champions will be awarded 2.0 times the total first place point value for the first class in that section. Hunter division Reserve Champions will be awarded 1.2 times the total first place point value of the first class in that section.

NCHJA will not count show equitation division Champion and Reserve Champion points toward Year End Awards. Only the 1st Over Fences and Flat Phase will count toward equitation division points.

No credit will be given in classes if less than three entries have shown and placed. The Championship and Reserve Championship will not count for points unless a minimum of 3 entries show and placed in at least 2 over fences and 1 undersaddle class.

Splitting a division using the **California Split** results in 2 separate divisions (A and B divisions). Points will be awarded based on the number of riders in each division. In addition, 2 separate Championships and Reserve Championships will be awarded. Two separate under saddle classes **must** be held.

Any NCHJA "C" show may offer Hunter Classic classes for rated divisions.

Hunter Classic points will be awarded according to the table below.

Place	1	2	3	4	5	6	7	8	9	10	11	12
NCHJA "C"	20	16	14	12	10	8	6	5	4	3	2	1

PART VII - CHILDREN'S/ADULT JUMPER POINT TABULATION

Children's/Adult Jumper division points are determined by the number of entries shown in each performance class.

	# of Exhibitors in FIRST class			
Place	3-8	9-15	16-25	26+
1	15	20	25	30
2	10	15	20	25
3	5	10	15	20
4	4	5	10	15
5	3	4	5	10
6	2	3	4	5

NCHJA will not count show division Champion and Reserve Champion points toward Year End Awards. Classic class points are awarded based on the table above.

No credit will be given in classes if less than three entries have started. Any "C" show may offer a Children's/Adult Jumper Classic.

November15, 2013

Dear Board Members,

It delights me that a vision I had in the 70's is going strong and is very successful. Your 2013 prize list is lovely and very professionally done. Quite a change from our original one. After seeing the prize list, I thought you might like to know a little bit about the shows beginning.

After Ed Haun, who was a beloved announcer and knew everyone who was showing, died at the Roanoke Horse Show the board decided to create a junior medal class like the VHSA class in his memory. The medal was designed by a junior from Winston-Salem and they were gold filled. At that time there was a large all breed show held in Raleigh at Dorton Arena in September, we went to the show committee and asked if we could hold our medal finals at the show. They were pleased to do so. As time went by and we had more finalists. The show was giving us less time for our classes, this created a problem, I felt the class was very special for the juniors who qualified and deserved more time.

I went to the board and said we should just have our own show and that way we can give as much time as we wanted to the class. We voted to have the show the next year. The date decided on by the board and the AHSA was the June date. Now where to have it. We decided on the Sedgefield show grounds because it was in the center of the state. There was not enough amps to run fans in the horse stalls, so the board voted to rewire the stalls to be able to run fans for the horses since it would be very hot in June. We stayed at Sedgefield until the Hunt complex was built and our show was the first to use the Arena.

Over the years I have watched you grow and become one of the foremost shows in the state.

Many thanks to each of you board members and show committee members who have worked diligently over the years to keep my dream a reality.

Sincerely,

Linda Lee Reynolds
