or the Hearing Committee will consider the appeal and may waive a part or all of the fine upon a finding of good cause why the application was not filed in a timely manner and/or a finding that extreme hardship results from the automatic penalty.

9. Forward to the NCHJA within ten days of completion of the show an NCHJA class results form or computer printout indicating the winners, number of entries in each class, champions and reserves, the names of all horses and owners, and all corrections, changes, and additions to the prize list. If the fine is not paid, it will be added to the amount of dues for the ensuing year and future competition dates will not be awarded until both penalty and dues have been paid.

If management disputes that the results were not filed in a timely manner, it may appeal in writing to the NCHJA within 30 days of management's receipt of the NCHJA's notice of fine, specifying the grounds for the appeal. At all Federation approved competitions, FEI approved safety mechanisms must be used in conjunction with a cup that is at least 1 ½ inches deep and at least 3 inches wide for the back rail of all oxers. Logs, caps on walls and gates with a separate plank style top element that can be knocked down are permitted.

When management permits Hunter or Hunter Seat Equitation riders to ride without jackets, riders must wear traditional, short, or long-sleeved riding shirts with chokers or ties. Polo shirts and chaps are not permitted except in unjudged warm-up classes. Management or judge may eliminate an exhibitor who is inappropriately attired.

Section 4. - HEADGEAR – Refer to USEF GR 108.2 and HU 107

It is compulsory for all persons at a USEF and NCHJA licensed Hunter, Jumper, Hunter Seat Equitation sections or Hunter/Jumper competitions mounted anywhere on the competition grounds to wear properly fitting protective headgear passing or surpassing current applicable ASTM (American Society for Testing and Materials)/SEI (Safety Equipment Institute) standards for equestrian use and carries the SEI tag. Harness must be secured and properly fitted. Any rider violating this rule at any time must immediately be prohibited from further riding until such headgear is properly in place. It is the responsibility of the rider, or the parent or guardian or trainer of the junior exhibitor to see to it that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use, is properly fitted and in good condition.

Section 6. - NUMBERS - Competitors must display the correct number which must be clearly visible while performing in any class unless otherwise stated in the prize list. Competitors may be penalized at the discretion of the judge.

PART VI - JUDGING

Section 1.- GENERAL – Refer to USEF HU 118

All classes must be judged on performance and soundness and when indicated, conformation, suitability or manners.

- (a) When a horse makes two faults at one obstacle, only the major fault will be counted. (Exception: refusals count in addition.)
- (b) When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.
- (c) At an in and out the faults committed at each obstacle are considered separately. In case of a refusal or runout at the second obstacle in an in and out, the competitor may re-jump both obstacles of the in and out.
- (d) Judges must penalize unsafe jumping and bad form over fences, whether touched or untouched. In classics and when a class is held on an outside course, brilliance should be emphasized.
- (e) Circling once upon entering the ring and once upon leaving is permissible. When the class is held in a ring, the performance starts as the competitor enters and ends when he leaves. When the class is held outside, the performance starts at any spot designated by competition management and ends at any spot so designated. If the start and finish are not clearly set forth, it is suggested that a judge consider the start approximately 50' before the first obstacle and the finish approximately 50' after the last.
- (f) **Soundness – USEF HU 121** All horses must be serviceably sound. All horses being considered for an award must be jogged for soundness with the rider dismounted. (Exception: Under Saddle classes, classes with specifications that do not require horses to jog, unrated classes, and classes at Local Competitions).
Refer to HU 118.3 for methods of jogging for soundness.
Horses/Ponies that are unsound will be ineligible for an award in that class. **The judge's decision regarding soundness is final.**
- (g) In the event of elimination, the horse must exit the ring immediately.
- (h) In the case of the jump(s) falling over due to weather or act of God, the rider must remain in the ring until receiving instructions from the judge(s) or be eliminated. In this instance, the decision of the judge(s) is final.
- (i) Falls – In the event of a fall of a horse within the competition ring, the judge should notify the steward regardless of whether an EMT is called and the steward must include details of the incident in the steward's report.
- (j) Definition of **Competed** **USEF HU 119** – A horse has competed in an over fences class when the horse's entry number and a score for at least the first jump are recorded on the judge's card. A horse falling to complete the entire course is not eligible to receive points, awards or prize money. A horse has competed in an under-saddle class, when the

horse has entered the ring. When 3 or fewer horses compete in an under-saddle class, all horses' numbers must be listed on the judge's card, regardless of whether they receive an award.

- (k) Definition of **Completed USEF HU 120** – A horse has completed an over fences class when the horse completes the posted course and a score is recorded on the judge's card. A horse failing to complete the entire course is not eligible to receive points, awards, or prize money, nor will it be counted in the number of entries necessary to fill a class or section. A horse has completed an under-saddle class when the horse has executed all the gaits required and remains in the ring until the class has lined up.

Section 2. - FAULTS – USEF HU 124

- (a) The following faults are scored according to the judge's opinion, and depending on severity, may be considered minor or major faults.

 - Late lead changes
 - Spooking
 - Kicking up or out

 - Fall of horse or rider
 - Stopping for loss of shoe or broken equipment

Section 3.- Under Saddle and Hack Classes HU 129

1. In Under Saddle and Hunter Hack classes, horses are shown at a walk, trot and canter both ways of the ring. Light contact with the horse's mouth is required. Horses should be obedient, alert, responsive and move freely. They should not be eliminated for slight errors. Judges may ask horses to hand gallop collectively, one way of the ring. (Exception: green classes.) No more than eight will be asked to hand gallop at one time. (Exception: Hunter National Championships see Championship Specifications) All horses being considered for an award must be serviceably sound. Judges must work competitors in groups of (20) or less or they must work a larger group in one direction, line up their selected competitors before working those remaining on the rail in the second direction, excusing the unselected competitors, and judging the selected competitors in the second direction.
2. For information on sources for obtaining FEI approved cups, contact the Jumper Department at the Federation.

3. Rails. Rails must be at least eight feet long.

4. Flags. All obstacles must be both flagged and numbered at competitions offering over \$2500 in the Jumper Division. When flags are used at obstacles, they must be placed at the outside extremities of the elements to be jumped, the red flag on the right, white on the left.

SUBCHAPTER USEF JP-6 SCORING - Scoring USEF JP 136 General

1. In principle, jumpers are scored on penalties incurred between the start line and finish line. A competitor, after receiving the signal to begin his/her round, is not being scored on penalties incurred from knockdowns or refusals until crossing the start line in the proper manner. However, in the event of a FALL of a Horse and/or Rider at any time from the moment the Horse/Rider combination enters the Competition ring, whether or not the signal to start has been given, the combination will not be permitted to start in the round or Class in question.

a. Penalties apply for late falling rails: **USEF JP - 24** 1. after crossing the finish line but before leaving the ring, or 2. before the tone sounds for the start of the next round.

b. A competitor will be scored on penalties incurred before crossing the start line in the proper manner for: 1. taking more than 45 seconds to jump the first obstacle after the time of the rounds has begun; 2. jumping an obstacle before crossing the start line, unless said obstacle is designed as a practice obstacle or after crossing the finish line, whether forming part of the course or not; or 3. actions against a horse deemed excessive.

2. Penalty faults include disobediences, falls, knockdowns (while in the process of jumping an obstacle) and time penalties. No more than one penalty may be scored at each attempt. If an obstacle is knocked down or displaced for any reason other than it was caused by jumping or an attempt to jump, no penalty is incurred.

3. Verticals. When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.

4. Spreads. When an obstacle to be taken in one effort is composed of several elements not in the same vertical plane (i.e., oxer, triple bar, etc.) faults at more than one element are penalized only once. Judges must pay attention when a rail is placed over or slightly behind a standing element. This could result in confusion in scoring and exactly how it will be scored must be determined by the judge(s) before the class begins.
5. Combinations. In combinations, the faults committed at each element are scored separately. In case of refusal or run-out at one element of a combination (and upon the judge's signal that the obstacle has been reset, if necessary), the competitor must re-jump the entire combination. (Exception: Closed obstacles).
6. Broken Equipment. In cases of broken equipment or loss of shoe while on course, the rider must continue if he wishes to avoid penalty, or may retire.
7. Setting a Standard. After the first round of the first class in any section, management or the judges may order a competitor from the ring when it becomes evident that their performance prohibits them from being in the ribbons.
8. Courtesy Fence. An eliminated competitor has the right to make one attempt to jump an additional single obstacle, which the judge(s) may designate, but may not continue thereafter. (Exception: The right to attempt an additional obstacle does not apply to Fault and Out classes or in the case of the fall of the horse or rider.)
9. Exiting the Arena. Any competitor who does not leave the ring promptly at the end of the round or after being eliminated may be disqualified from future classes during the competition at the discretion of the judge(s). Any competitor at the end of his/her round who does not leave the arena through the designated gate(s) (e.g. jumping out of the arena), is eliminated. Leaving the ring before crossing through the start markers to begin their round will not incur penalty. Exception: JP146.3.b leaving the ring anytime while on course results in elimination.
10. Outside Assistance. Riders receiving physical assistance from outside the ring (i.e., lunge whips, etc.) while on course will be eliminated. (Note: This does not apply to riders between rounds in Table II Sec. 2(b) or Table IV Sec. 2(b) competitions provided the rider begins his jump-off within the limits of **USEF JP 136**.)
11. Jumping Obstacles Not Part of the Course. Under penalty of elimination any obstacle in the arena which requires a jumping effort, whether flagged or not, may not be jumped by a competitor at any time while in the arena except as it may constitute a part of the current competition. Exception: Natural obstacles, which are not numbered and flagged, may be jumped unless specifically crossed off in the field or noted as crossed off on the course plan by the course designer, after consultation with the judge(s). [Questionable items in arena that will be scored may need to be predetermined by the judges and so noted and announced prior to start of class.] **USEF JP - 25**
12. Obstacle Not Properly Set. If a competitor jumps an obstacle that has not been reset, or has been reset improperly, due to it being downed by a previous competitor, the weather, or some other factor, the competitor receives no penalty. However, if the competitor knocks down the obstacle he will be penalized accordingly.

13. Competed. A competitor is considered to have competed only after he has entered the ring and received the signal to start. Competitors who are unable to complete the first round of a competition have no right to any prize.

14. A horse may enter a class Hors Concours at Competition Management's discretion and this must be determined prior to the start of the class. A horse shown in a given class may not enter that class again as Hors Concours. If a horse competes Hors Concours, the horse cannot compete in a subsequent class for prize money in the same ring on the same day. However, the rider of an Hors Concours horse may compete in subsequent classes.

15. Failing to Complete. A competitor failing to complete a particular round shall have the reason recorded on the judge's card as follows:

a. Withdrew (WD), or did not start (DNS) indicates that the competitor failed to enter the arena within one minute of being called. The time for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time for entering the ring.

b. Retired (RT) indicated that the competitor voluntarily retired prior to completing their round.

c. Eliminated (E or EL) indicates that during their round the competitor was eliminated by the judge for any of the various reasons indicated in these rules.

16. Points Not Covered in Rules. Judges have the authority to make decisions on any point not covered in the rules applying to class procedure, scoring, and conduct affecting a class under their jurisdiction.

17. A protest may not be made against a judge's decision occurring in the competition ring, provided it is not in violation of Federation rules. Decisions such as, but not limited to: a. Where the decision is based on a factual observation of performance during a class; whether an obstacle was knocked down; whether a horse was disobedient; whether a horse refused at an obstacle or knocked it down while jumping; whether a rider or horse has fallen; whether a horse circled in a combination or refused or ran out; the time taken for the round; whether an obstacle was jumped within the time; and/or whether, the particular track followed by a rider caused him to incur a penalty under the applicable rules. b. The Elimination or Disqualification of a horse for soundness reasons. c. The Elimination or Disqualification of a rider for medical reasons/fitness to compete. d. The imposition of a Warning without additional penalties or of a Yellow Warning Card. e. Elimination and/or Disqualification during an event.

USEF JP 137 Competition Round

1. Starting and Finishing. In order to receive a score other than "Withdrew (Did Not Start)," "Retired," or "Eliminated": a. The horse must cross the start line between the markers in the proper direction with the rider mounted. Passing through the starting markers in the improper direction before starting, does not incur penalty. Competition Management and/or the judge(s) may permit or disallow a rider to lead a horse into the ring prior to mounting. b. The horse must cross the finish line between the markers in the proper

direction and with the rider mounted. (Exception: Fault and Out or other classes with special rules regarding the finish) c. The horse must jump all the required fences between the start and finish markers. d. The horse must not resist for 45 consecutive seconds or take more than 45 seconds to jump the first obstacle after the time of the round has begun. The horse must not take more than 45 seconds to jump the next obstacle on course, including after the tone has sounded following a time out. e. The horse must not be eliminated for other prohibited actions that might occur while the horse is in the competition arena. **USEF JP -26**

2. Entering the Arena. Failure to enter the ring within one minute of being called incurs elimination. The time limit for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time limit for entering the ring.

3. Time to Start. A competitor will have 45 seconds from the time the judge(s) sound an audible signal to cross between the start markers in the proper direction and start on course. If a competitor does not cross through the start line within the allotted time, the time on course will start when the allotted time expires. A count-down clock visible to the rider must be in use for any class offering \$2,500 or more in prize money.

4. Use of Audible Signal. An audible signal (bell, horn, whistle, gong or buzzer) is sounded for the following purposes: a. to give the signal to start; b. to stop a competitor in the event of an unforeseen incident (which also designates a time-out); c. to interrupt the 45-second period which a rider has to begin the course in the event of an unforeseen incident; d. to indicate that an obstacle has to be reset before being retaken after it has been knocked down during a refusal (designating a time-out); e. to give the signal for a competitor to continue his round after an interruption. **Refer to JP 138.2 and .3** f. to indicate by repeated and prolonged ringing that the competitor has been eliminated; and g. to indicate that the rider should not proceed to the jump-off round in a Table II Sec. 2. (c) class, or a Table IV(c) class.

USEF JP 138 Timing

1. Starting & Stopping. Time is taken from the instant the horse's chest reaches the start line, or upon the expiration of 45 seconds following the sounding of the audible tone, until it reaches the finish line. The Judges have the right to interrupt the 45-second countdown if unforeseen circumstances occur and/or, if the welfare of the horse is involved, temporarily excuse the competitor, allowing him to return at a later period in the class. Incidents such as, but not limited to disobediences, etc., occurring between the signal to start and the moment the competitor crosses the starting line in the correct direction, are not penalized. The Ground Jury, in its discretion, if the situation so warrants, has the right not to activate the start or to cancel the starting procedure, give a new signal to start and restart the countdown.

2. If a rider stops to fasten his chin strap, he must indicate to the judge that there is an issue with his chinstrap. The rider is not penalized for halting to refasten the chin strap, but the clock will not be stopped.

3. If as a result of a disobedience a competitor displaces or knocks down any obstacle or a flag marking the limits of the water jump, of a natural obstacle or in all cases where the nature of the obstacle is changed by knocking down the flag, the tone is sounded and the time is stopped until the obstacle has been rebuilt. When the obstacle has been rebuilt, the tone is sounded to indicate that the course is ready and that the competitor can continue the round. The competitor is penalized for a refusal and a time correction of 6 seconds is added to the time taken by the competitor to complete his round. The time is restarted at the moment when the horse leaves the ground at the obstacle where the refusal occurred.
4. Additional Time Out. a. If a rider is forced to hold up and the time stopped while a fence is being rebuilt due to it being knocked down or displaced for any reason other than it was caused by jumping or an attempt to jump, no penalty is incurred and 6 seconds is not added to their time. After the fence is rebuilt, the tone is sounded, and the time is restarted when the rider is as close as possible to the place on the course when the time was stopped. b. If a knockdown occurs following a refusal, but not as a result of the refusal, the time is stopped and the fence is rebuilt. No additional penalty is incurred and 6 seconds is not added to their time. Once the fence has been rebuilt, the tone is sounded and the time is restarted no matter where the rider might be on the course.
5. If a disobedience with the knock down in .3 occurs at the second or subsequent part of a combination, the time is restarted when the horse leaves the ground at the first element of the combination. **USEF JP - 27** Elements knocked down preventing a horse from jumping the next obstacle must be removed, even if time must be taken out for this purpose.
6. On Course. After the signal to start has sounded, a competitor must pass through the start markers in the proper direction to be considered on course. (**Refer to USEF JP 136.1**)
7. Time Faults. One (1) time fault will be charged for each commenced second by which the time allowed is exceeded in any class for which time is a factor in scoring.
8. Exceeding the Time Limit. Any competitor whose time including penalty seconds which might have been assessed for time-out(s), as described under 2 and 3 above, exceeds the Time Limit is eliminated. The 'Time Limit' is defined as double the Time Allowed.
9. Option Fences. At any obstacle marked as an option on the course plan, in the event of a disobedience at one portion, the competitor has the right to attempt either portion in his following attempt. However, in the case of a displacement of any part of the obstacle, the tone must be sounded and all portions must be reset prior to the continuation of the round.
10. During rounds where time is a deciding factor, a re-jump of the entire course may only be considered as an option if there is no automatic or manual time due to very exceptional circumstances. In these cases a competitor may elect not to re-jump the course and instead be placed after competitors with equal faults. If a re-jump does take place, the original score will be void.

USEF JP 139 Disobediences

1. Refusal. Stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it, is penalized as a disobedience. Stopping at an obstacle without knocking it down and without backing, followed immediately by jumping from a standstill, is not penalized. However, if the halt continues, or if the horse backs even a single step or circles to retake the course, a refusal is incurred.
2. Run-out. Evading or passing the obstacle to be jumped or the finish line or jumping an obstacle outside its limiting markers is penalized as a disobedience.
3. Resuming the Course. After a run-out or refusal the competitor must, before proceeding on course, re-jump the obstacle at which the disobedience occurred or be eliminated. If the flag, standard, wing, or obstacle has not been reset when the competitor is ready to jump, he must await the signal to start or be eliminated. (For Option Fences, **refer to USEF JP 138.9**)
4. Loss of Forward Movement. Halting or stepping backward after crossing the start line, (unless due to a refusal, run-out or an order from a judge due to unforeseen circumstances such as a fence being blown down), will be penalized as a disobedience. Loss of forward movement on banks will not be scored as a disobedience unless the horse takes a step backwards.
5. Circling. Any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles (start and finish included), or stops advancing toward or turns at least 180 degrees away from the next fence, or finish line, except to retake an obstacle after a disobedience, is considered a disobedience. This is a judgment call. (NOTE: Coming sideways or zigzagging toward an obstacle does not constitute a disobedience unless the horse passes or turns its back to the next obstacle or the finish line).

USEF JP 140 Falls

1. The first fall of horse or rider results in elimination, except in classes in which special rules apply. (Fault and Out, Top Score, etc.)
2. A rider is considered to have fallen when he is separated from his horse, which has not fallen, in such a way as to necessitate remounting or vaulting into the saddle.
3. A horse is considered to have fallen when the shoulder and haunch on the same side have touched the ground or an obstacle and the ground.
4. In the case of a fall at any time in the competition ring, the rider may not remount.

USEF JP 141 Knockdowns

1. Definition. An obstacle is considered knocked down when in jumping an obstacle, a horse or rider, by contact: a. changes any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle, even when the falling part is arrested in its fall by some other portion of the obstacle; or b. moves any part thereof which establishes the height of the obstacle so that it rests on a different support from the one on which it was originally placed.

2. Special Circumstances. Should a pole resting in a cup come to rest on the lip of the cup, or on a bracket which is an integral part of the cup, or in the case of a safety cup where all parts of the cup are still attached to the sleeve it is not considered a knockdown.

Narrowing the width of a spread obstacle without altering the height of any elements as defined above is not considered a knockdown. If, while in the process of being jumped, the top element is struck in such a fashion that it changes the height of the jump, with both ends remaining in the cups and nothing else supporting the top element, it is scored as no faults.

USEF JP 142 Off Course

A competitor is considered off course when he deviates from the course as shown by the diagram and jumps an obstacle prior to rectifying the deviation.

USEF JP 143 Breaking Ties

1. Competitors who withdraw, retire or are eliminated from a Jump-off: a. A competitor who is eliminated in a jump-off will be tied with a competitor who retires and will be placed last of the competitors who have completed that jump-off. b. A competitor who withdraws (does not participate) from a jump-off must always be placed after a competitor(s) eliminated or who retires while on the course.

2. Even if only one competitor is willing to participate in the jump-off he is required to enter the arena and receive the signal to start in order to earn top placement.

3. Withdrawing From a Jump-Off. If a competitor wishes not to take part in a jump-off he must notify the judge(s). He will be placed last of those still qualified (on the result of the previous round). Exception: **USEF JP 146.3.g**

4. Except in Fault and Out classes, when two or more horses incur the penalty of elimination during a jump-off, they remain tied regardless of the cause of elimination or the point at which the penalty was incurred. A competitor who does not take part in a jump-off must always be placed behind a competitor who has been eliminated in the same jump-off.

5. Same Ownership. Whenever tied horses are under one ownership or management, the competitor may designate the order of placement.

6. Any competitors that compete in the jump off and are still tied for any placing (i.e. 1st, 2nd, 3rd, etc.) shall remain tied unless otherwise stated in the prize list. Prize money and Championship points shall be combined and divided equally among the tied competitors.

7. Competitors who are tied for other than first place in all Jumper sections may either remain tied, the prize money being divided equally among them, or be placed according to the time taken to complete the course. The method of breaking ties must be stated in the prize list and on the judge(s)' cards. If the competitors remain tied, riders must toss a coin for the ribbons, unless management chooses to provide additional ribbons. If points are awarded, points should be added and divided equally among the competitors. A judge or

steward must conduct the breaking of ties when they are to be determined by the tossing of a coin.

USEF JUMPER SCHOOLING RULES

1. It is important to remember that all exercise areas are different in size, type of footing, and jump material provided. It is also important to take into account the size of the horse and the length of his stride when determining the distance of placement rails. Furthermore, the ability of the horse and rider must always be taken into consideration when deciding what is permitted and not permitted during preparation.
2. In the schooling/exercise areas during the preparation for a competition, a minimum of one vertical and one oxer must be provided. The ground must be in good condition. Management must provide sufficient obstacle material. The jumping area should be large enough to provide sufficient room for the training.
3. The use of FEI-approved Safety Cups to support the back rails of all spread obstacles in all warmup/schooling areas is mandatory.
4. Obstacles may be flagged, in which case they must be jumped in the proper direction. The Steward and/or Schooling Supervisor should decide if the flags may be interchanged.
5. No one may hold a rail or touch a standard while it is being jumped.
6. All rails must be either in cups or totally on the ground (exception: one end of a cross rail may rest on the ground). Rails must be able to fall easily when hit.
8. If a rail is placed on the edge of a cup, it must be placed on the far side of the cup, and is only allowed at an oxer if it does not cause the front rail to be higher than the back rail (i.e. offset).
9. Walk rails are not permitted. Horses are not permitted to walk over cross or slant rails.
10. There may never be more than two (2) rails on the back of an oxer, with the lower rail equal in height to the lowest rail on the front of the oxer. If the oxer is flagged so that it may only be jumped in one direction, there may only be one (1) rail on the back.
11. Ground lines are not mandatory, however if they are used, they must be placed either directly below the front of the jump or up to 1m (3'3") out. If a ground line is used on the landing side of a jump, there must be one on the take off side, and it may not be any further out than the one on the take off side. If a jump is flagged so it may only be jumped in one direction, a ground line may never be placed past the vertical plane on the take off side.
12. If a trot/canter/placement rail is used it may only be used, at a vertical which may not exceed 1.30m (4'3") in height. If a rail is used on the take off side of a jump, it may be no closer than 2.50m (8'2"). If a rail is used on the landing side of a jump, it may be no closer

than 3 m (9'10"). Any rail placed 6m (19'8") or further from the take off or landing side of a jump is not to be considered a placement rail and is allowed.

13. If guide rails are used on the landing side of a jump, the closest part of the rail must be a minimum of 3 m (9'10") from the jump.

14. A cross rail may be made either:

15. by itself, in which case the height at which the cups set may not exceed 1.30m (4'3") in height, or

16. below a rail at a vertical or the front rail of an oxer, in either case the cups set not to exceed 1.30m (4'3") in height.

17. Swedish Oxers are not permitted for Jumpers.

18. If a liverpool is supplied and used at a vertical or oxer, the front of the liverpool may not be behind the front plane of the jump. Also, the back of the liverpool may not be placed beyond the front plane of the jump. If used at an oxer, the front of the liverpool may not be more than 1 m (3'3") in front of the jump. The total depth (front to back) may never exceed 1.80m (5' 11").

19. If space and available fence material allows and safety conditions permit, combinations may be built using correct distances. Bounce jumps may only be used with verticals and may consist of a maximum of three (3) obstacles not exceeding 1 m (3'3") in height.

20. If an item (blanket, cooler, etc.) is laid over the rail of an oxer, it must only be laid over the front rail. If there is more than one rail on the front of the oxer, the item may be laid over any of those rails.

21. The use of materials, which prove hazardous is forbidden.

22. Manual poling and the use of offsets are not permitted.

23. Riders are fully responsible for any jump taken by their horse.

24. Any action deemed not in the best interest of the horse will not be allowed.

JP145 Table of Jumping Faults

1.	Knockdown: a. Of obstacle or standard with any portion of horse, rider or equipment, when jumping that obstacle, b. one or more feet in the water or on the lath, when the lath is being judged, c. or knockdown of rail placed over a water obstacle.	4 Faults

BOD 5/28/21 Effective 12/1/21

PART VII – JUMPER CHAMPIONSHIPS

Championships are optional, but if offered, a minimum of three classes must be held. If Championships are offered, they must be decided either on the basis of points won in classes throughout a section, or on the basis of money won in the section, or on the results of the highest prize money class in the section, provided qualification was required for that class based on results of earlier classes in the section. The method of determining Championships must be stated in the prize list. Credit towards Championships will be given only for the first six ribbons when points are the determining factor. Points are awarded 10, 6, 4, 2, 1, ½.

RULE XXXIX – HIGH CHILDREN’S/ADULT JUMPER - USHJA Zone 3 Specs

Classes to be scored under Table II, Section 1, Sections 2(a), 2(b), 2(c), 2(d) or 3; or Table III (Optimum Time)

Fence Height: 1.1m to 1.15m

- Cross Entry:** High Children’s Jumper rider is not eligible to compete in any jumper class above 1.15m except Equitation or Pony Jumper classes at the same competition,
- High Adult Amateur Jumper rider is not eligible to compete in any jumper class above 1.15m except Equitation classes at the same competition.
 - High Adult Amateur horse/rider combinations may cross enter into the Low Adult Amateur Jumpers at the same show. High Adult Amateur Jumper horse/rider combinations may enter only one classic, if both Low and High are offered.
 - High Children’s Jumper horse/rider combinations may cross enter into the Low Children’s Jumpers at the same show. High Children’s Jumper horse/rider combinations may enter only one classic, if both Low and High are offered.

Combining/Dividing Sections: High Children’s and High Adult Amateur Jumper sections must combine if there are fewer than 3 in either section and may combine if there are fewer than 6 in either section. If after combining the High sections there are fewer than 3 entries then competition management must further combine the High sections with the Low sections, allowing each section to compete at their respective height.

RULE XL – LOW CHILDREN’S/ADULT JUMPER - USHJA Zone 3 Specs

Classes to be scored under Table II, Section 1, Sections 2(a), 2(b), 2(c), 2(d) or 3; or Table III (Optimum Time)

Fence Heights: 1.00m to 1.05m

- Cross Entry:** Low Children’s Jumper riders may not cross enter into any classes held above 1.15m at the same competition.
- Low Children’s Jumper horse/rider combinations may cross enter into the High Children’s Jumpers at the same competition. Low Children’s Jumper horse/rider combinations may enter only one classic if both Low and High are offered.

Combining/Dividing Sections: Low Children’s and Low Adult Amateur Jumper sections must combine if there are fewer than 3 in either section and may combine if there are fewer than 6 in either section. If after combining the Low sections there are fewer than 3 entries then competition management must further combine the Low sections with the High sections, allowing each section to compete at their respective height.

If the rules and specifications adopted by Zone 4 of USEF for the Children’s/Adult Jumper Division differ from those of the NCHJA and the Zone 4 rules are followed at an NCHJA recognized horse show held in Zone 4, the points earned in those classes will count toward NCHJA Year End Awards

RULE XLIV - YEAR END AWARDS

The NCHJA offers Year End Awards in several categories, the purpose of which is to encourage participation at NCHJA shows. In making these awards the NCHJA certifies that animals are properly recorded and exhibited under the name of the owner who **MUST** be a member of the NCHJA. **The Board of Directors has the authority to cancel any award should the competition throughout the year be so slight as not to warrant the presentation of an award.** Award winners must accept awards in person or have someone designated to accept the awards for them. The NCHJA will not be responsible for getting awards to winners. "Rated" divisions or sections are divisions or sections in which the NCHJA gives a Year End Award.

PART V – ELIGIBILITY

- Section 1. - ELIGIBILITY** - To be eligible for an award a horse must be recorded with the NCHJA and its owner must be a member of the NCHJA. No points will be credited before a horse is recorded and its owner becomes a member. Both horse and owner must appear on the horse show entry form as recorded with the NCHJA.
- Section 2. - OWNERSHIP** of a horse may be transferred during the year without affecting the animal's score, but the NCHJA must be notified of the transfer and the new owner must be a member if points won under the new ownership are to be counted. The award is made to the owner as shown in the files at the time the horse wins its last points in competition.
- Section 3. MULTIPLE OWNERSHIP** - At least one owner must be a member of the NCHJA, and the member's name must appear on the entry form in order for the points to count.
- Section 4. POINT STANDINGS DEADLINE** - Members have until December 15 of the current year to correct any errors in the point standings unless the Board of Directors elects to extend this date, which will appear in the December newsletter. After the closing date, THE POINTS WILL STAND.

PART VI – HUNTER, JUMPER AND EQUITATION POINTS TABULATION

NCHJA Hunter, Jumper, Equitation and Classic points at USEF/NCHJA rated shows are determined by combining the base points for the placing for the show rating and adding one point for the number of entries that compete in each class.

Show	USEF/NCHJA BASE POINTS				
	USEF/NCHJA Show Rating			NCHJA	NCHJA
Place	AA	A	B	C	C*
1	25	20	15	20	10
2	20	15	10	15	7
3	16	12	8	10	5
4	12	9	6	5	3
5	11	8	5	4	2
6	10	7	4	3	1
7	9	6	3		
8	8	5	2		

C* Denotes C Rated shows with less than 50 Horses Competing.

Hunter division Champions will be awarded 2.0 times the total first place point value for the first class in that section. Hunter division Reserve Champions will be awarded 1.0 times the total first place point value of the first class in that section.

NCHJA will not count show equitation division Champion and Reserve Champion points toward Year End Awards.

No credit will be given in classes if less than three entries have shown and placed. The Championship and Reserve Championship will not count for points unless a minimum of 3 entries show and placed in at least 2 over fences and 1 under saddle class.

Splitting a division using the **California Split** results in 2 separate divisions (A and B divisions). Points will be awarded based on the number of riders in each division. In addition, 2 separate Championships and Reserve Championships will be awarded. Two separate under saddle classes **must** be held.

Half points are given for all model classes. Model points are determined by taking half of the points listed on the chart and then adding the number of entries.

November15, 2013

Dear Board Members,

It delights me that a vision I had in the 70's is going strong and is very successful. Your 2013 prize list is lovely and very professionally done. Quite a change from our original one. After seeing the prize list, I thought you might like to know a little bit about the shows beginning.

After Ed Haun, who was a beloved announcer and knew everyone who was showing, died at the Roanoke Horse Show the board decided to create a junior medal class like the VHSA class in his memory. The medal was designed by a junior from Winston-Salem and they were gold filled. At that time there was a large all breed show held in Raleigh at Dorton Arena in September, we went to the show committee and asked if we could hold our medal finals at the show. They were pleased to do so. As time went by and we had more finalists. The show was giving us less time for our classes, this created a problem, I felt the class was very special for the juniors who qualified and deserved more time.

I went to the board and said we should just have our own show and that way we can give as much time as we wanted to the class. We voted to have the show the next year. The date decided on by the board and the AHSA was the June date. Now where to have it. We decided on the Sedgefield show grounds because it was in the center of the state. There was not enough amps to run fans in the horse stalls, so the board voted to rewire the stalls to be able to run fans for the horses since it would be very hot in June. We stayed at Sedgefield until the Hunt complex was built and our show was the first to use the Arena.

Over the years I have watched you grow and become one of the foremost shows in the state.

Many thanks to each of you board members and show committee members who have worked diligently over the years to keep my dream a reality.

Sincerely,
